

## Cinderellas

### Aims:

- To learn about the term 'cinderellas' in stamp collecting
- To design and create their own cinderella stamps

### Resources:

StampIT's display of [cinderellas](#)

### You will also need:

- paper
- colouring pens or pencils

### Activity:

Look at StampIT's display of [cinderellas](#).

Design some cinderella stamps for a local school or youth group event.

- Choose your theme suitable for the event.
- Design your cinderella stamp on A4 paper. Keep the design simple because if it was to be used as a cinderella stamp it would have to be reduced to a suitable stamp size.

[Extension idea: You may be able to create your cinderella stamps if you have a scanner, suitable computer software and printer. Scan the design, import into suitable software, reduce the design, copy a number of designs on a page and print out on sticker paper.]
